Senator Aguilar, there was an old priest, and they had a gathering where he was going to speak, and everybody came to listen to him. So somebody wanted to make sure that he didn't talk too long, because he always talked too long. The only ones in the audience were cardinals and bishops. So when he began to talk, people started dozing off. And somebody said, Father, would you look at that silver watch and see the time? And just about the time somebody said that, the lights went out. And when they came back on, the silver watch was gone. And the old priest said, somebody among us is a thief. Somebody took that which does not belong to him. But since we're all righteous men, I know our conscience has convicted us. And even though nobody in this room may know who the thief is, God knows who the thief is. So what I'm going to do is have the lights turned off, and then that silver watch can be brought back up here where it belongs, and restored to its rightful owner. So the lights went off. There was some scraping of chairs. There was some ruffling of priestly garments. And when the light came on again, the watch was not there, but the priest's silver pen and the silver candle holder were gone. So what you need to do is not try to go in the past necessarily and deal with who took the silver watch. Let's make sure that the silver pen and the silver candle holder don't disappear also. What I am saying, the silver watch is gone.

PRESIDENT MAURSTAD: One minute.

SENATOR CHAMBERS: What we need to do is stop at this point. Do not put any increased amount in this program. My amendment will not take away the two and a half million dollars that the program is getting. And that's more than either of these other two funds is getting which exist for the public schools. Neither of those funds contains the amount that this church fund contains. And this church fund is off limits for all students who want to go to public schools, but the ones going to these private and parochial schools can raid those two public school funds.

PRESIDENT MAURSTAD: Thank you, Senator Chambers. On the motion to return, Senator Wickersham.
